# SHALL THE SCHOOLS BE CLOSED NOW?

Question to Be Voted Upon Tuesday.

WHERE YOU CAN VOTE

ALL TAXPAYERS MAY VOTE ON QUESTION.

The school election will be held in this city on next Tuesday, April 16. and the polls will be open from 7 o'clock in the morning till 7 o'clock in the evening. The only question to be voted upon is as to whether the board of edleation be given the power to borrow \$30,000 to keep the schools of the city lunning till June 1.

At this election no person can vote who is not registered in the precinct in which he presents himself to vote. and who did not pay property tax last year. By property tax it is not meant real estate tax alone real estate tax alone, but any kind of a tax on either real estare or personal property. The question to be voted on is in substance: Shall the board of education be given the right to borrow \$30.000 to continue the schools till the source to continue the schools till the end of the school year, and the tax payers are expected to vote "Yes" or "No" on that proposition. If the vote is opposed to the proposition the schools will close on April 26, to remain closed till the first week in September. If the vote is in favor of the proposition the schools will not close till the end of June.

Polling Places.

There will be but five polling places in the city, one in each municipal ward, and the board of education have designated the following to be the polling First Precinct-Annex Ninth ward

Second Precinct-304 South West

School house.

Every member of the board of education is in favor of borrowing the \$30.000 and keeping the schools open the requisite time. They have been assured that they will be furnished the money without interest and will pay it back out of the tax levy of the next school year, so that it will not cost the tax payers anything—it will simply be used now when it can do very much good rather than next fall to correct the harm that would be done by the untimely closing of the schools, and the congestion that would surely take place in the fall.

#### TAXPAYERS' MEETING.

First Precinct is in Favor of Borrowing.

There was an enthusiastic meeting of the tax payers of the First precinct in the annex of the Ninth ward meetin the annex of the Ninth ward meeting house last evening at which the matter before the people in the school election was thoroughly discussed. J. G. McAllister was chosen chairman and E. W. Wilson secretary. Mr. McAllister stated the object of the meeting; said it would be bad policy to close the schools till the proper time and exonerated the board of education from the charge of extravagance and waste. He had made a careful examination, he said, and had visited a number of the schools.

said, and had visited a number of the schools.

Mr. McAllister then read a communication from J. B. Moreton, clerk of the board, showing that the school board knew at the beginning that it would be short of funds before the close of the year. It estimated the shortage to be \$37,700; it is but \$30,000, so that the board is \$7,700 within its estimate. In six years 3,134 pupils have been added to the school population of Salt Lake, while the assessed valuation of the property has been increased but little. The increase of pupils in 1990 was 990, while the increase of teachers was but facts and figures to show the rapid increase of the school population; the necessity for the additional \$30,000, and the injury to the schools that would result if they were forced to close six weeks before the proper time.

Frank B. Stephens was presented to the audience, but excused himself from discussing the problem, as Professor Cooper was present. He said, however, rowing the money to keep the schools going.

Professor Cooper's Address.

Superintendent Frank B. Cooper spoke with deep earnestness on the sub.

Superintendent Frank B. Cooper spoke with deep earnestness on the subject. He showed how the shortage in the funds had come about by natural causes; the pupils have increased in number 20 per cent in five years, while the revenues have increased but 7 per cent, and if the schools are to be kept up to the standard of five years ago, more money must be furnished by the people.

that will please you, perfect that you are tha

#### DR. UTTER ARRIVES.

Former Salt Laker Will Preach at Theatre Today.

Unitarian church in Salt Lake City, returned to the city yesterday to spend about ten days here, preaching at the Salt Lake theatre today and next Sunday. Dr. Utter is now pastor of Unity church of Denver.

Dr. Utter, promptly after his arrival, looked up E. W. Wilson, George B. Greenwood and other members of his old congregation. He was found yesterday afternoon in Mr. Greenwood's office.

the decree up E. W. Wilson, George B. Greenwood and other members of his office.

"Denver is a fine cosmopolitan city." he said in conversation, "but the people there have never been able to get me to say that I like the place better than Salt Lake. Ever since I first entered this valley years ago and saw those mountains over there to the southeast, I have felt an affection for this place and for the mountains. My feeling that way increased after I had climbed the mountains. I climbed the Twin peaks, and found that they were 11,640 feet high by aneroid barometer I carried. Lone peak, near them, is a trifle higher, found.

"We have a delightful church in Denvise of the form."

The grounds upon which the decree was granted were that the defendant had been guilty of cruelty to his wife and that he had become an habitual drunkard. During the trial Bullock made the defense that his wife had condoned his offenses and that he had been very cruel to his wife and that he was a hopeless drunkard, as alleged. He wanted his wife to withdraw her suit and return to him on his promise to strive narder to reform.

With the decree of divorce Mrs. Bullock was awarded the custody of the minor children and as her share of the property forty acres of the form.

Gilsonite Seized.

# **Spring Fever**

During the winter, extra work is thrown upon the various organs of the body. Spring makes this manifest. The appetite becomes poor, sleep restless, bowels constipated, sometimes there is dyspepsia, liver or kidney troubles. This is the time to take Hostetter's Stomach Bitters. It is better than any other spring tonic in the world. It refreshes, strengthens, rebuilds. A PRIVATE REVENUE STAMP covers the neck of the bottle.

A CURE for HOStetter's Stomach

Some Interesting Developments in Parratt Case.

MRS. BULLOCK'S DIVORCE

HER HUSBAND WAS UNABLE TO REFORM.

George W. Parratt, an aged employee of the shop department of the Dinwoodey Furniture company, made such a showing before Judge Hall yesterday when he answered the aplication of his wife's attorneys to require him to pay 4,843 74

1,157 50

599 44

3369,643 37

nts.

\$163,737 97

it was admitted that he had occasion—
it was a mitted that he had occasion—
it was a m was admitted that he had occasion ally disagreed with his wife. The parties were married twenty-nine years

The hearing yesterday was not upon the merits of the case, but some matters were developed which tended to show that Mr. Parratt also had a grievance. It was related by the defendant, and not contradicted, that he had long ago deeded his homestead and all he ago deeded his homestead and all he possessed to his children, subject only to his wife's life interest. Moreover, he had constantly turned nearly all of his wages weekly over to his wife or the family maintenance, and even ast week had done so.

When it came to a declaration by the defendant under eath that he and Mrs. carratt had continued to live together is husband and wife since the date the plaintiff commenced her suit for di-vorce and alimony, and that this rela-tion still continues, the court was sur-prised. The surprise resulted in Judge Hall denying the motion to require Mr.

sel for her husband.

If the ruling of the court yesterday is to be taken as an indication of how the case will be decided upon its merits, and in view of the fact that Judge Hall as set the precedent of denying di-orces when insufficient cause is shown, is not improbable that Mrs. Parratt it is not improbable that have will be unsuccessful in securing a decree of separation, with alimony.

#### DIVORCE CASE DECIDED.

Dr. David Utter, former pastor of the Farmer Bullock's Effort to Reform Was Unsuccessful.

The somewhat celebrated divorce case of Matilda A. Bullock against Joseph H. Bullock, was decided yesterday by Judge Stewart finding the issues for the plaintiff. The suit was commenced last July and the trial, about a month

and found that they were 11,840 feet high by aneroid barometer I carried. Lone peak, near them, is a trifle higher, I found.

"We have a delightful church in Denver. On one corner is our church—Unity—and on an opposite corner the Methodists have Trinity church, while around the corner the Episcopalians have a cathedral. Unity church is a thoroughly comfortable church, with excellent acoustic qualities.

With the decree of divorce Mrs. Bullock was awarded the custody of the minor children and as her share of the property forty acres of the farm, with twenty shares of water stock, near \$100 for the fees of her attorney, Ray Van Cott, but otherwise each party to the suit will be required to pay his and her costs. Attorney D. H. Wells represented the defendant.

Mr. and Mrs. Bullock were married in

thoroughly comfortable church, with excellent acoustic qualities.

"I expect to be here over tomorrow and the next Sunday, and Mrs. Utter will probably join me here before I leave."

#### CANYON CLOSING CASE.

Question of Purity of Water Supply Before Judge Stewart.

The case of David B. Brinton against Salt Lake City, to enjoin the enforce ment of the ordinance forbidding the use of Parley's canyon as a driveway for livestock and for damages for pre-venting the plaintiff driving forty head of cattle through the canyon last June. of cattle through the canyon last June, was submitted yesterday to Judge Stewart for decision. The argument for the plaintiff was made by Attorneys Smith and Wilson, who laid stress upon the fact that a public highway had been closed without warrant of law. City Attorney Stephens pointed to the statute which gives cities the power to prevent the pollution of the canyon streams which supply the people with water for domestic purposes, and referred to the evidence showing how much the water is befouled by livestock. The city attorney also showed

Suit to Partition Property. Mironette P. Walker filed suit in the district court yesterday against Sarah A. Patterson, Rose Pettit Abrams, Mary E. Wilks and Brigham W. Ashton for a decree of partition, by sale, of 2x10 rods of ground and the improvements thereon on First South B. F. Redmond moved that it be the sense of the meeting that the proposition to borrow carry at the polls, and that those present do all in their power to see that it did carry. The motion was adopted unanimously

E. W. Wilson moved that a committee of twenty-five be appointed to get out the vote on election day. This carried, and the following were appointed: H.

## NATIONAL GUARD NOTES.

Battery A will turn out next Sunday and take a jaunt to Farmington, where it will probably engage in target practice. Company E, whose station is in that town, is ready to welcome the organization.

tion.

The signal corps will report at the armory this morning at 11 o'clock for instructions in the use of the heliograph. On account of the number of new members who have not done work with this apparatus the corps will not do any signal work, but will simply be instructed in setting up and manipulating the instrument.

work, but will simply be instructed in setting up and manipulating the instrument.

Captain J. A. Greenewald of the signal corps last Thursday night appointed an investigating committee, consisting of five members, whose duty it is to inquire into the character of applicants for enlistment in the corps.

Koy Frost of company C has made application for a discharge from that organization. Frost will leave for a three years' mission to Germany on the 17th inst. At the farewell entertainment, which is to be given tomorrow evening, a squad from company C will do some work in the manual of arms.

Sergeant Charles Pool of company C has been appointed first sergeant of that organization, vice Fred G. Dust, promoted to regimental sergeant major. S. Clawson was at the same time made quartermaster sergeant of the company.

Six members of the first section of battery A intend to have a subsection of their own. The progressive group expects to put in an evening a week extra on artillery instructions.

Lew Faehr and J. A. Bennett both made application for enlistment in the battery last Monday night. The applicants will receive the consideration of the organization tomorrow evening.

Company H opened in non-com, school last Friday evening with a good attendance. The instructions were in the schools of the soldier, which will furnish material for about three lessons. After the completion of a course in the exhools of the soldier and company the examination for warrants will probably be given.

Captain Rasph Sharkey of company H has lately been unable to attend drills of his organization on account of sickness in the signal corps was granted by the organization Thursday evening.

The entire battery will turn out for drill tomorrow afternoon. Instructions

tion still continues, the court was surprised. The surprise resulted in Judge devening.

The entire battery will turn out for drill tomorrow afternoon. Instructions will be given by Captain Orrin Groo. Another excellent infantry organization was added to the national guard last to the court for Mrs. Parratt and Attorney W. T. Gunter appeared as counsel for her husband.

If the ruling of the court yesterday is to be taken as an indication of how the case will be decided upon its merits, and in view of the fact that Judge Hall

The proposed organization of a new company at Nephi continues to progress. Already about fifty names are on the muster roll, and those promoting the movement claim that a full company will be present at the protection.

movement claim that a full company will be present at the mustering.

Company E at Bountiful is rapidly advancing with the rest of the guard organizations. New men are regularly being added, and Captain Heywood expects to see a full roster in a very short time. On account of a hohiday there will be no drills at the armory half Monday evening. The hall will be open only from 2:30 to 4:30 p. m.

John H. Horn made application for enlistment in the signal corps last Thursday evening.

The signal corps and battery are both considering the idea of organizing a basket ball team, so a game between the two organizations may be looked for some time this spring.

## BOYS IN A FIGHT.

Court Asked to Send One to Reform

School.
With a badly damaged eye, the re-With a badly damaged eye, the result of a youthful mix-up, little Leonard Bowers, who lives near Third South and Eighth West streets, appeared at the police station yesterday afternoon with his mother and wanted to lodge a complaint against young Alfred Gilikson, a school boy, who, he claimed, was responsible for the condition of his eye. According to the story of the boy, they were playing and something caused a dispute between them. Gilikson, he said, struck him, but he retaliated and Gilikson then went after him with rocks, striking him several times on the body.

The mother of the boy said that she knew her son was inclined to fight some himself, and didn't want the other boy arrested, but wanted him given a lecture and warned to quit fighting. She also expressed a desire to have her own son sent to the reform school during the summer to keep him out of mischief.

Prosecutor Diehl administered a fatherly lecture to the youth and told him that if he did not mend his ways he would be sent to the correction school. The lad promised to be good and was told to go and fight no more.

ments were made before Judge McCarty Smallpox Reports.

Fifteen new cases of smallpox were reported yesterday to Dr. Beatty, secretary of the state board of health. Nine of these cases are at Layton, four at Wales and one each at Ephraim and Newton. From Scofield came a report that during the prevalence of the dis-ease in that place there have been to date eighty-nine cases.

#### SCIENTIFIC FOOD.

Mothers Feel a Responsibility in Selecting Food.

If children are not healthy, round and rosy, ready for study of play, there is probably something lacking in the food. A sure body builder for children (or adults) is Grape-Nuts, the famous ready-cooked food, and there is a rea-Grape-Nuts contain natural phos-

grape-Nuts contain natural pnosphate of potash and albumen obtained from grains, and these elements combine in the human body to form gray matter in brain and nerve cells all over the body. Such nourishment means vigor, snap, strength and force of both mind and

There was little surprise manifested at the news of the big \$2,00,000 suit planted against D. D. Erwin and others by the guardians of E. P. Ferry. It has been expected for a long time, and the only surprise is that certain other rich Parkites were not mentioned as defendants.

The Ontario mine was closed down to-day out of respect to the memory of R. C. Chambers.

### Springville's New School.

Springville's New School.

(Special Correspondence.)

Springville, April 13.—Springville will build a new school house in the southern part of the city, costing \$4.506, and to accommodate 200 pupits. Two of the old school buildings that have served the purpose for thirty years, will be sold, with their grounds, and the proceeds thereof, together with a 4-mill tax, will furnish the funds for construction. The new house was voted at a school meeting held at the Central school house last evening by a two-thirds vote of the tax peyers present. At the meeting it developed by the report of the school board that the school children of this city were increasing at the rate of one school, of fitty pupils, per year, and that new school buildings were an absolute necessity, or the importation of school children must cease. Another notable feature developed at the meeting, viz.: That all who spoke in favor of the new building and forcibly urged its construction, with one exception, were those who had no children at all, or whose boys and girls were over the district school age; while those who opposed it, with the exception of two old-timers whose children are beyond the school age were young people with growing families.

The new building will be constructed upon a four-acre tract of ground, where it can be surrounded by trees and spacious playgrounds.

Court at Provo.

(Special Correspondence.) Provo, April 13.—The following arraign

ments were made before Juuge Meeter today:

Albion K. P. York, charged with voluntary manslaughter; pleaded former conviction. Hearing set for June 24.
